Top 10 EHRs by Black Book
for OB/GYNs

#2 EHR by KLAS for 2-10
Provider Practices

OB/GYN Specialty Essentials

Prenatal Flow Sheets

- Easily enter patient measurements for each visit and visualize pregnancy progress across multiple visits.

Send Charts Directly to any Hospital's L&D

- Compile condensed clinical notes with flow sheets and other clinical forms to L&D, other providers or billing and send using DrChrono's direct messaging integration with your local Hospital EHR or a simple e-Fax.

OB/GYN ICD10/CPT/E&M Codes

- Automatically populate any combination of OB/GYN specific codes into your forms to simplify billing.

Prebuilt OB/GYN forms

- Quickly edit and customize prebuilt ACOG forms and other OB/GYN specific forms immediately available in DrChrono's Form Library.

Run Your Practice Your Way

Full Featured EHR on iPad and iPhone

- Voted #1 by Blackbook for 5 years in a row, is the only EHR company to provide full featured native EHR app on iPad and iPhone. Access your daily schedule and detailed patient charts on your mobile device.

Fully-Integrated Labs

- Order tests from any of 9000+ labs integrated with DrChrono on iPad, iPhone or web and receive results directly into the patient's chart.

eRx, EPCS and Supplements

- Send e-prescription of controlled and noncontrolled medication and supplements to your patient's preferred pharmacy on iPad, iPhone or web.

Powerful Patient Engagement Solution

- Complete system comes with scheduling, pre-appointment insurance eligibility check and automated email/text/phone reminders, plus fully functional, HIPAA compliant patient portal with secure messaging.

Advanced Charting

- Chart in seconds with customizable medical forms, medical speech-to-text tools, and drawing options. With dynamic photo charting, take, upload and annotate a photo or image directly on your EHR app.

Fully Integrated EHR

- End-to-end solution that seamlessly integrates patient engagement & scheduling, clinical workflow and medical billing eliminating double entry. Enter patient information once and data gets automatically passed to the clinical chart, eRx, lab orders, and billing.

Paperless Patient Check-in

- Check-in patients with digital consent forms on iPads and automatically associate consent forms to appointment types. Patients can also sign digital consent forms and other intake forms using DrChrono patient portal before their appointment.

Improve Your Profitability with Full Service RCM

OB/GYN practices forfeit more than 20% of their revenue due to claim-related errors and complications. With DrChrono full service RCM, you can maximize your revenue collection and focus on your patients. Our certified billing coders are fluent with hundreds of new OB/GYN codes and well versed with OB/GYN medical billing practices.

All-in-one Integrated, Cloud-Based EHR on iPhone, iPad, and Web

- Seamlessly integrated patient scheduling, clinical workflow and medical billing
- Single system of records preventing transcription errors, double entry and lost bill
- Complete data access on one cloud-based system
- Pre-appointment insurance eligibility check and automated reminders
- HIPAA compliant patient portal with secure messaging
- Advanced clinical tools including customizable medical forms, medical speech-to-text tools and photo charting

What OB/GYN Doctors Are Saying About DrChrono

Our experience with DrChrono hasn't been just good, but great. The company is very responsive either by phone or by chat and within 2 weeks I was able to customize DrChrono to my mode of practice. We have been completely paperless for the past year and I like that I have access to my charts 24 hours a day on my cell phone.

At 2 o'clock in the morning when I get a call from a patient, I can look at the note and remind myself of whether this patient is pregnant or not. Also at the hospital that I work at, they will not do an epidural without a prenatal record, and if there is no prenatal record, they require the on-call physician to come and do an H&P. Instead, because I take calls, if that prenatal record isn't there, I will fax it in with my phone or any OR in seconds.

- Ko'olau Women's Healthcare, Eesha Bhattacharyya, MD
