## Podiatry Specialty Essentials

### Free Draw

Free draw and annotate any pictures you upload or take from the DrChrono app.

### Custom Vitals

Track patient measurements from each visit and visualize patient progress in one glance.

### Prebuilt Podiatry Forms

Build Podiatry specific forms or choose ones from our Medical Form Library.

### Podiatry Specific Billing Codes

Automatically populate any combination of Podiatry specific billing codes into forms.

## Your Practice Can Be Making More

Much of a practice's lost revenue comes from improper coding or poor claim submission. With a **94%+** clean claim rate and **48-hour** turnaround on denials, DrChrono RCM maximizes revenue collection and improves profits. Simply set a claim as ready for submission and let us handle the rest.

## Top Features Podiatrists Love

### ◦ Paperless Patient Check-In

Allow patients to check in without a staff member present. Patients can sign forms and answer questions prior to their appointment.

### ◦ 3rd party Integrations

Use 3rd party integrations like Physitrack, a tool for automating patient education and engagement, for a more powerful EHR.

### ◦ Fully-Integrated Labs

Order x-rays, bone scans, and MRIs from 40,000+ labs integrated on iPad, iPhone, or web and receive results directly in patients' charts.

### ◦ eRx with EPCS

Send eRx of controlled and noncontrolled substances to your patients' preferred pharmacies & look at medical histories, allergies, and drug-to-drug interactions directly on iPad.

### ◦ Advanced Charting

Chart in seconds with customizable medical forms, speech-to-text, macro buttons, and more.

### ◦ Full Featured EHR on iPad, iPhone, or web

DrChrono is the only full-featured EHR with medical billing on iPad, iPhone, or web.

“

DrChrono provided EvoFoot with scale that no in-house biller or billing company could have provided us. It's a no brainer - clear your office of your billing headaches like moody employees, sick time, payroll taxes and have drchrono manage your billing instead.
