

Scalable EHR and Medical Billing Platform for Large Practice Groups

Flexible and Scalable

Versatility accommodates multi-specialty and integrative practice groups.

- Easily add new practice locations
- Customize EHR, practice management, and medical billing by specialty and location
- Admin control across all locations and practices

Full Revenue Cycle Management (RCM) Services

You can focus on patient care while our virtual backoffice optimizes your revenue collection.

- 48-hr turnaround on denials
- 75% of claims paid in 30 days
- 96% clean claims rate
- Complete transparency into practice financial status
- Direct communication with revenue collection experts

Intelligent Clinical Tools

Chart in seconds with customizable medical forms, speech-to-text, and image charting tools.

- Library of medical templates for various specialties
- Create custom medical forms for your practice
- Integrated with over 40,000 national and local diagnostic labs and imaging centers
- Text expanders and medical speech-to-text

Security for Data Protection

With FIPS-approved server and network traffic encryption, DrChrono exceeds HIPAA requirements.

- Admin control over user access permission
- 2-factor authentication
- Regular security audits

Integration with Hospital Systems and Flexible API

DrChrono can send and receive information to and from various hospital systems.

- Epic, eClinicalWorks, Allscripts, and more
- Secure and extensive API connection that brings unique healthcare services
- More than just sending and receiving summary of care documents

HIPAA-Compliant, White Label Ready OnPatient Portal

Our powerful OnPatient portal provides a complete patient engagement solution.

- Patient scheduling and automated reminders
- Pre-appointment insurance eligibility check
- HIPAA-compliant patient portal with secure messaging
- Paperless check-in with digital consent forms on iPad and computer

About DrChrono

Ranked #1

#1 Mobile EHR by Black Book
2013 - 2018

Top EHR by Black Book
for 5+ Specialties

13+ Million

Patients cared for by
DrChrono providers

All-in-one Integrated, Cloud-Based EHR on iPhone, iPad, or web

- Seamlessly integrated patient scheduling, clinical workflow, and medical billing
- Single system of records preventing transcription errors, multiple data entries, and lost bills
- Complete data access on one cloud-based system
- Pre-appointment insurance eligibility checks and automated reminders
- HIPAA-compliant patient portal with secure messaging
- Advanced clinical tools including customizable medical forms, medical speech-to-text tools, and photo charting

We went with DrChrono because it was the most intuitive platform, which minimized training for our 30+ surgeons and 10+ midlevels. The key factors in our evaluation were:

1. Ease of use for the doctors
2. Manageable total cost of ownership
3. Easy to use Patient Portal
4. Mobility
5. Maintenance fee and reliability
6. Flexible work flow
7. Extensive partner network

Additionally, our total cost of ownership with DrChrono is lower than any other system that we evaluated. The ease of use for doctors is dramatically decreased the number of calls to the help desk from physicians and patient engagement on the patient portal is higher than our previous provider.

- Jim Griffin, President & COO - Direct Orthopedic Care
