Take Control of Your Health Records

Learn how to securely communicate with all your medical providers and manage your medical records with the OnPatient portal

by dr chrono

How to Connect

STEP 1
Ask your provider to send you an email invite to the OnPatient Portal.

STEP 2
Open the OnPatient invite email, press the "Sign up now" button and register online.

Download the OnPatient App, Manage Your Health on the Go

Stay connected on the go by downloading the OnPatient app from the Apple App Store.

Launch the OnPatient app and log in, to be automatically connected to your provider.

Through the OnPatient portal, you have the ability to :

- Fill out any paperwork before your appointment to make checking-in easier
- View your upcoming appointments and check-in online
- Schedule appointments
- View statements and pay online

- Message your doctor through a HIPAA compliant portal
- Manage your contact and insurance information
- Access your medical records
- Have educational material sent directly to your account

** OnPatient portal is personalized by doctors for their patients. Some of these features may not be available, please check with your doctor.
